

AX Food FDA

Mandrel built non toxic quality delivery hose specially designed for the discharge of different types of foodstuffs (non-abrasive). FDA approved.

- **Tube:** no taste or odor transfer white and smooth NBR rubber
- **Reinforcement:** high tensile synthetic textile in intermediate rubber layer which ensures perfect adhesion between lining and cover
- **Cover:** blue abrasion and weather resistant synthetic rubber, with wrapped finish

Certificat: Standard FDA title 21, item 177.2600 for fatty foods – IANESCO nr 10/11358 for milk and yogurt.

Remark: The inside tube can be sterilized with soda and steam up to a top temperature of maximum 120° C.

Ref	Diameter (mm)	Weight (g/m)	WP (bar)	BP (bar)	Bending Radius (mm)	Coil length (m)
